## U.S. MINIMUM ADVERTISED PRICE POLICY “MAP” AND U.S. E-COMMERCE SALES POLICY

Revised February 2018

Redding Audio, LLC, in an effort to maintain the superior integrity, quality and value of SCHOEPS Microphones and Accessories distributed in the United States announces the following policies:

**MAP:** Resellers shall not advertise new or unused SCHOEPS products for sale at less than the current Pro Net Price/Minimum Advertised Price (“MAP”) as published and distributed by Redding Audio, LLC. This MAP Policy does not include sponsored promotions, closeouts, discontinued items, refurbished, demo items or Reseller-owned used, discontinued or bona fide demo items. This policy applies to all advertised and E-Commerce prices and does not restrict the actual sales price at which a MAP product is sold face-to-face, in live private or online sales between Reseller and customer.

**Advertising and MAP:** Advertising includes all forms of promotion in any media including, without limitation, websites, social media, email, print magazines (print or electronic), trade show materials, coupons and catalogues. The use of any advertised discount, strike-through price or other price reduction where the effect is to reduce the MAP is not allowed.

The use of “click for price”, “add to cart for lower price”, “email or call for lower price” or similar web site buttons that generate automated responses is not allowed. Any content attached to a product that describes this MAP Policy and to contact Reseller because Resellers are prohibited to advertise on a website or form of public communication is not allowed.

**Bundles, Packages, Kits and Sets (“Bundle”):** Resellers are permitted to bundle SCHOEPS MAP products with other brand products, e.g. stands, cables, etc. but with the following restrictions related to MAP:

Up to three SCHOEPS MAP products may be bundled with one or more non-SCHOEPS products as a package offering. The advertised bundle sell price cannot be less than the MAP price of the SCHOEPS item or MAP sum of the non-SCHOEPS items. The bundle shall never be a giveaway product(s) in a bundle nor is any accompanying text like “free”, “no charge” or any content that promotes SCHOEPS products on E-Commerce Sites and Online Auctions:

**eBay or Reverb:** SCHOEPS MAP products may be listed for sale on “eBay” or “Reverb” only with an instant purchase price at or above the MAP price. “Buy It Now” or “offer” buttons are not permitted for MAP products. Any transaction on an auction site that would indicate that a lower price is available is not allowed and/or identifiable as your dealership name recognized by Redding Audio. Listings are required to use official SCHOEPS images. The use of a third party for the purpose of listing on any auction site including “eBay” or “Reverb” is prohibited.

Redding Audio will not drop-ship E-Commerce site orders. You must stock all items offered on E-Commerce sites and manage your own returns directly from E-Commerce customers.

Amazon: SCHOEPS MAP products may not be listed for sale on “Amazon”.

Generic discounts and Cross-selling: Generic discounting of related or non-related products may not be applied to SCHOEPS MAP products, but not limited to Cross-selling offers of other brands such as “similar product available”, “similar product available at lower price” or “similar product.”

---

Failure to adhere to any of these policies may result in the loss of authorized SCHOEPS Reseller status and SCHOEPS product availability. Any such action will be immediate, irreparable and without warning.

The MAP Policy and E-Commerce Sales Policy are unilateral and will be enforced at the sole discretion of Redding Audio, LLC. No exceptions will be accepted for enforcement of these policies. No employee of Redding Audio, LLC will discuss, negotiate or answer questions regarding these policies. Redding Audio, LLC reserves the right to amend these policies at any time.
